MANSFIELD ADVERTISEMENTS:

Granger's Commercial College.

Herald Buildings, south side Pub. Square MANSFIELD, OHIO.

NOMMERCIAL and Mercantile school

COMMERCIAL and Mercantile schools are comparatively of moders origin. Yet, they result from its necessary wants and demands of the Mercantile community. At an period of the world history have so many may avenues and trade born throws on many may are most of the world history have so many may are most of the world history have so many may remain and emandition to their large stock, described born throws on the septing and emerant process. The second stars of the septing and emerant process. The community have derived. And this routine of business must increase in a direct ratio with the increase of our population, the thrift of set, the developments of science and the proliferary of investing and so our population, the thrift of set, the developments of science and the proliferary of investing and and the important Mercantile relations must be acknowledged. The facilities for acquiring such as security of all who would take a respectable position uning of the important Mercantile relations must be acknowledged. The facilities for acquiring such as securities of acquiring a now enter a Commercial College. And it is no longer necessary to spend four of twy vegers for me purpose of acquiring a knowledge of some one branch of trade, for young men can now enter a Commercial College, and it is no longer necessary to spend four of twy vegers for the propose of acquiring a knowledge of some one branch of trade, for young men can now enter a Commercial College, and it is no longer necessary to spend four of twy vegers for the propose of acquiring a knowledge of some one branch of trade, for young men can now enter a Commercial College, and it is no longer necessary to spend four of twy vegers for the propose of acquiring with an acquiring such as a commercial trade, for young men can now enter a Commercial College, and it is no longer necessary to spend four of twy vegers for the propose of acquiring with an extensive propose of acquiring with an extensive propose of acquiring with an extensive propose of acquiring with is in my judgment, the best Liniment now in use,

more incorporary instructions in our courts would be avoided.

Every young man before he is competent to enter the counting-room of the Merchant, the Manufacturer, or the Banker, should be able to write a good business hand; should have a thorough knowledge of Book keeping by double cutry, as applicable to the most extensive as well as the most limited ranches of trade and commerce, a familiar acquaintance with every variety of Mercantile forms and instruments he should possess a readiness in calculation, should have a general knowledge of Commercial Law, Exchanges, Currency, Political Economy and commercial Geography.

For the purpose of fernishing such an education, and preparing young men thoroughly for practical business pursuits, this Commercial College is founded by the undersigned. The success that has heretoure attended the instructions of the Principal of this College, in making young men good penmen and commercial accountanus, is a guarantee to the public of his competency to fulfill the claims made in this 2 reular; and it is with confidence that he solicits the attention of all who would avail themselves of the advantages of Commercial and Mercantile knowledge

BOOK-Keeping.

A complete practical course of Book keeping by double city, adoated to Whi-saile as well as the most lim.

A complete practical course of Book keeping by dou-ble entry, adapted to Whe esale as well as the most lim-ited retall business, commission, exchange, speculations in stocks, real estate, steamboating, banking, insurance, railroad and books of joint stocs and chartered associa-tions, comprehending the best forms in use among the most eminent establishments in our country.

Commercial Calculations, Embracing every variety of computations pertaining to business operations, being taught according to the most approved methods—laterest, discount, profit and most approved methods—laterest, discount, profit and

most approved methods—interest, discount, profit and loss, insurance, denominational exchange, arbitration of exchange, partnerships, stocks, storage, equations of payments, customs or duties and general average.

Commercial Law.

Lectures from time to time will be delivered by members of the bar, whose services have been engaged, upon the law as connected with Commerce and the practical workings of trade, embraced in the various subjects of Partnerships, principal and agent, neg-tiable instruments, sales, debts, guarantees, promissory notes, bills of exchange, contracts, marine meurance, bailment, common carriers, &c.

common carriers, &c.

Commercial Geography.

Lectures on Commercial Geography will delivered at stated periods, illustrative of the natural and artificial channels of commerce, both of our own and foreign countries: the commercial features of various localities, and showing the intimate rel tions between the Physical Features and commercial importance of States and Nations.

lst Boarding is fifty per cent. cheaper than in the corner of Odd Fellows' Hall. The Terms of Tuition and cost of States 2d. The Terms of Tuition and cost of Stationery, are not more than one-half that charged is cities.

3d. Each Student is instructed in the whole Course, individually, and not in classes—so that the instruction-cau thus be be particularly adopted to the business which each Student may design pursuing in life.
